

Changing Lives

Specialized Carriers & Rigging
FOUNDATION

Impacting Futures

WHO WE ARE

The Foundation is a 501c3 organization that supports SC&RA members and the **crane, rigging and specialized transportation industry** through industry specific **research and education, scholarships and grants.**

Specialized Carriers & Rigging
FOUNDATION

"I worked very hard throughout the summers to help pay for college which helped, but I can honestly say that it was the Foundation's support that made it possible for me to anticipate graduating from college in a financially manageable position. Without the support that this Foundation gives to students like me, it's very likely I would have struggled to be able to afford going to college... to reach for my hopes and dreams like many other students nationwide."

2013 Scholarship Winner - Mitch Nettinga

IMPACTING FUTURES AND CHANGING LIVES

The Foundation has the greatest impact and is most often recognized for its scholarship and grant program. **Since 1986, more than \$480,000 has been awarded to 130 students and employees.** In 2014 the Foundation opened the Grant program to the public and increased the number of awards and amount awarded to \$30,000 annually. Grant recipients often report that the money awarded is a "game changer" for them and their families. Scholarship awards total \$27,000 annually. Award recipients are pursuing a job in the industry or seek to improve their skills to advance their career path in the industry.

MEMORIALS AND NAMED AWARDS

This industry has been built and shaped by so many influential professionals. To honor their legacy, together with their families, the Foundation awards memorial awards.

Similarly, companies who would like to earmark their donations for the Scholarship or Grant program are part of the **Named Grant & Scholarship Program** and recognized each year with a Continuing Education Award in their name.

If you have interest in learning more about the Memorial awards or establishing a Continuing Education award, **please visit** www.scr-foundation/memorial-scholarships

Continuing Education Scholarships & Grants

*Anderson Trucking
Service (Grant)*

(Scholarship)*

*TNT Crane & Rigging
(Grant)*

Memorials

*George Bragg
Memorial*

*Frank Bardonaro Sr.
Memorial*

*Robert Cookingham
Memorial*

*Christopher Lorenz
Memorial*

➡ PROJECTS TO BUILD THE FUTURE

Inform. Train. Recruit. As the focus of the industry changes, so does the Foundation's opportunity for research projects. What began as an informative arm of the Foundation, providing hardbound paper reports on crane terminology and financial best practices has grown into so much more. In 2014, **the Foundation filmed and produced an Industry Recruiting Video** to generate interest in the industry and highlight the numerous job opportunities. Today, that video is used to launch the **Lift & Move careers event** held around the US to introduce high school students to the amazing opportunities in this industry. For more information on the Lift & Move USA event visit www.liftandmoveusa.com.

In 2015, **the Foundation produced a mobile app of industry terms** including both crane and oversize/overweight transportation definitions. We are looking forward to industry feedback and have high expectations for this tool's usefulness.

"The Foundation scholarship was a huge help to my family and me to pay for some of my college expenses during my freshman year. Beyel Brothers, Inc. provided a great opportunity for me to meet engineering professionals in the crane and rigging industry."

2013 Scholarship Winner - Steven McLean

STRONG SUPPORT MAKES A WORLD OF DIFFERENCE

The Foundation is fortunate to have **strong support from companies and individuals** who believe in its programs and initiatives. Volunteers comprise a small Board and several committees to raise funds, review scholarship and grant applications and oversee research projects. With the time and financial commitments from so many dedicated men and women, the Foundation is able to grow and expand its outreach.

Interested in participating or donating towards the Foundation's programs? **Visit www.scr-foundation.org/donate.**

"If the Foundation or your company is paying for it, you're getting a new career opportunity handed to you. It seems to me that it doesn't get any easier than that."

2012 Foundation Grant Winner
Donald Wayne Newman
McTyre Trucking, Orlando, FL

It's always kind to share with others.

*Pass along this brochure and
share the opportunities in the industry.*
